

10th ANNIVERSARY SPEAKER SERIES

SPARK!

new ideas for the next decade

At CNE we're celebrating our 10th Anniversary year by doing what we do best -- sparking new ideas, new leaders, and new collaborations -- in order to foster a more resilient community. During our 10th year, we want to give back to a community that has been so generous to us by spotlighting *unusual voices* and *uncommon action* that can help all of us develop the tools we need to thrive in the next decade. Join us in this year of exploration!
